

Additional information on accommodation in the „model region“
St. Peter-Ording

Dear guests,

the district of Nordfriesland – and thus also St. Peter-Ording – is one of four model tourism regions in Schleswig-Holstein from 1 May. We look forward to welcoming you back to us in this context. Strict requirements must be met for your existing booking or for your new reservation at our resort. We have summarized these in this fact sheet. We kindly ask you to read the information thoroughly and sign it below as your consent.

1) If possible, please arrive with a negative Corona test result. If you are absolutely unable to do so, you can have a test carried out in the village if necessary. A test centre is located at Kurbad 2, directly in the hotel "Strandgut Resort". You can book an appointment under www.schnelltest-spo.com. Capacity and opening hours can be found on the website. Alternatively, you can also have a charge at the Aalernhüs hotel & spa. Test times and conditions will be available upon arrival. The test result must be presented at check-in. All persons, including children from a certain age, who are still to be announced are subject to a test.

2) Upon your arrival, you agree to submit a negative test result to us every 48 hours. The test result must be submitted to the reception after every second night by 11 a.m. at the latest. If this does not happen, you will have to expect the corresponding cancellation costs (90% cancellation fee) for the nights not used and leave immediately.

3) Our current hygiene concept can be found on our website under <https://www.aalernhues.de/massnahmen-covid-19/>.

4) For quick and complete contact tracking in exchange with the health authorities, our restaurants "Hedwigs Dining Room", "AALERNHÜS Restaurant" and the "Karl's Bar" as well as the gastronomy throughout the village use the Luca app. Ideally, you can already install the app on your smartphone and register in just a few steps upon arrival at the hotel. We are also happy to help you on site. If you would like to visit our in-house restaurants "Hedwigs Dining Room", the "AALERNHÜS Restaurant" or the "Karl's Bar", your existing negative Corona test, already deposited at our reception, is also valid here. Basically, however, you need a negative corona test in the restaurant outside our house, which is no older than 24 hours.

5) If you are tested positive for the coronavirus, you will have to leave with your car at your own expense. If necessary, the health board can decide whether you will be quarantined at the hotel, in which case you will have to cover the costs of the extension including meals.

6) The "Model Region" project can be cancelled at any time due to an increasing incidence. If this occurs, all guests must leave immediately. Claims for recourse are thus excluded
